Harlem J Suniaga Penalver

Title: Associate Process Engineer as a part of Global Engineering Department, at Kellogg Company.

Education: BS in Chemical Engineering, Universidad de Los Andes, Venezuela; Diploma in Petroleum Sciences, Universidad de Los Andes, Venezuela.

Why Engineering: Family history in Engineering, a good Chemistry professor during High School years, and a country fully dependent on Oil production.

Career Path: After finishing College, worked during 3 years in a Chemical company in Venezuela, developing different positions. Pursuing desire for independence, left the company and established own consulting company. Simultaneously, became a college professor, teaching Chemistry and Analytical Geometry for Army Forces University. Upon arrival to The United States, worked as a researcher at Michigan State University for 3 years, working directly for the Food Sciences and Human Research Department, as well as for the Institute of International Agriculture (IIA).

First Job: Distribution Manager at Hessa Chemical; chemical company in Venezuela, which produces aluminum salts to supply to water treatment plants, cosmetics and oil companies, etc.

Perfect Day: Sunny, clear sky and good company.

Other interests: Dancing, singing, meet new people, and traveling

Historic Bridge Park Tour and Family Picnic

Historic Bridge Park, located a bit southeast of Battle Creek in Calhoun County, Michigan, is a unique park whose focus is on the historic truss bridges that have been moved to and restored within the park. The park allows truss bridges that have become insufficient for their original location to be preserved for their historic and aesthetic value. Historic Bridge Park is the first of its kind in the entire United States.

More details to come...
