Meet SWE Local Members

Guisselle Cedillo

Title: Associate Product Development Scientist, Kellogg Company

Education: M.S. Food Science, B.S. Food Engineering

Why Engineering? Because of my love for Math and Chemistry and because no one else in the family was in that field; they were all in Business and Administration and I wanted to be different.

Career Path: Started in Kellogg in 2006 as an Assistant Food Technologist and moved to product development in 2007.

Proudest Accomplishment: Being able to live in a foreign country. I'm originally from Mexico and have been living in the US for about six years.

First Job: In College as a Research/Teaching Assistant.

Perfect Day: Any day that I can expend at leisure doing whatever I feel like doing.

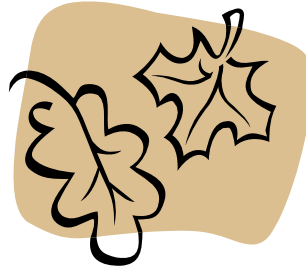

Upcoming events – Mark your calendars!

About Welsh & Associates...
